SOLAR EASEMENT AGREEMENT

Gladwin County, State of Michigan

THIS SOLAR EASEMENT AGREEMENT (this "**Agreement**") is made, dated and effective as of August 11, 2022 (the "**Effective Date**"), by and **DUANE A. SIMPKINS,** a married man, whose address is 1873 Wagarville Road, Gladwin Michigan 48624**,** (collectively, and together with his successors, assigns and heirs, comprising **"Owner"**), and **INVENERGY SOLAR PROJECT DEVELOPMENT LLC**, a Delaware limited liability company (together with its transferees, successors and assigns, "**Grantee**"), of 1 S. Wacker Dr., Suite 1800, Chicago, Illinois 60606, and in connection herewith, Owner and Grantee agree, covenant and contract as set forth in this Agreement. Owner and Grantee are sometimes referred to in this Agreement as a "**Party**" or collectively as the "**Parties**."

1. Easement. For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by Owner and Grantee, upon the terms and conditions set forth in this Agreement, Owner hereby grants, warrants and conveys to Grantee an exclusive easement to use, convert, maintain and capture the flux of solar energy on, over, across, under and through the surface estate of that certain real property, including, but not limited to, the air space thereon, located in Gladwin County, (the "**County**"), State of **Michigan** consisting of approximately **234.55 acres** (being comprised of approximately 159.10 acres plus the Additional Parcel (as that term is defined herein); the Additional Parcel being approximately 75.45 acres), as more particularly described in **Exhibit A** attached hereto and incorporated herein (the "**Property**") for the purposes set forth below.

1.1 Purposes of the Easement. This Agreement is solely and exclusively for solar energy purposes (as such term is broadly defined, including ancillary rights related thereto and necessary for the development and operation of Solar Facilities (as defined below)), and not for any other purpose, and Grantee shall have the exclusive right to develop and use the Property for solar energy purposes and to derive all profits therefrom, including but not limited to the following activities (collectively, "**Site Activities**"):

(a) Converting solar energy into electrical energy, and collecting and transmitting the electrical energy so converted;

(b) Determining the feasibility of solar energy conversion and other power generation on the Property or on adjacent lands, including studies of solar energy emitted upon, over and across the Property and other meteorological data, environmental studies and extracting soil samples;

(c) Constructing, laying down, installing, using, replacing, relocating, reconstructing and removing from time to time, and monitoring, maintaining, repairing and operating the following only for the benefit of the Project or Projects (as defined below) (i) solar energy collection and electrical generating equipment of any kind (including, without limitation, any such equipment utilizing photovoltaic and/or solar thermal technology (collectively, "**Solar Generating Equipment**"); (ii) overhead and underground electrical distribution, collection, transmission and communications lines or cables, electric combiners, inverters, transformers and substations, energy storage facilities, and telecommunications equipment; (iii) roads and crane pads; (iv) meteorological measurement equipment; (v) control buildings, operations and maintenance facilities and buildings; and (vi) installing, operating, maintaining, repairing and replacing any other improvements, whether accomplished by Grantee or a third party authorized by Grantee, that Grantee reasonably determines are necessary, useful or appropriate to accomplish any of the foregoing (all of the above, including the Solar Generating Equipment, collectively "**Solar Facilities**"). The term "**Project**," for the purposes of this Agreement, means an integrated solar energy generation system, consisting of Solar Facilities, which is constructed and operated on the Property, and/or adjacent lands, by Grantee, or a third party authorized by Grantee. Grantee may determine whether

any particular group of Solar Facilities constitutes a single Project or multiple Projects for purposes of this Agreement, and in the case of multiple Projects, which portion of the Property shall be included within each Project, provided however that no more than two (2) Projects may be located in Gladwin Township, Michigan.

1.2 Other Uses. During the Term when Grantee construction is or is about to occur, Owner agrees to provide Grantee with current information concerning the status and location of all other land uses occurring on the Property (including, without limitation, agricultural use, industrial use and oil and gas exploration and production activities). Any new leases or renewals and or extensions of existing leases, options to lease, seismic operations, or any other agreement made by Owner with a third party regarding the Property (including any of the foregoing related to water, oil, gas or other minerals) shall contain language that states that such third party shall not disturb, interfere with, preclude, or destroy Grantee's rights hereunder and its interest is subordinate to the right, title and interest of Grantee.

2. Grant of Additional Easements.

2.1 Owner hereby grants, conveys and warrants to Grantee the following additional easements upon, over, across, through and under the Property and all other property that is adjacent to, or relatively nearby, the Property, and is owned or controlled by Owner, as of the Effective Date:

(a) Non-Obstruct. An exclusive easement to capture, use and convert the unobstructed flux of solar energy over and across the Property from all angles and from sunrise to sunset at the Property during each day of the Term.

(b) Interference. An exclusive easement for electromagnetic, audio, visual, view, light, noise, vibration, electrical, radio interference, or other effects attributable to the Solar Generating Equipment, the Project or any Site Activities;

(c) Access Easement. A non-exclusive easement for ingress to and egress from the Project or Projects (whether located on the Property, on adjacent property or elsewhere) over and across the Property by means of roads and lanes thereon if existing or later constructed by Owner, or otherwise by such route or routes as Grantee may construct from time to time;

(d) Other Easements. All other easements reasonably necessary, appropriate or convenient to accomplish the activities permitted by this Agreement or activities incidental to the purposes expressed in this Agreement, including without limitation, generation-tie and transmission line easements, utility easements (including underground and above-ground gas, electricity, water, and telephone), drainage easements, and geotechnical and environmental testing and sampling easements.

3. Term. The term of this Agreement shall commence on the Effective Date and continue for the following described periods (collectively, the "**Term**"):

3.1 Development Term. This Agreement, and the easements set forth herein, shall be for an initial term (the "**Development Term**") commencing on the Effective Date and continuing until the earlier to occur of: (a) the date on which Grantee begins selling electrical energy generated by substantially all of the Solar Generating Equipment to be included in the Project to a third party power purchaser (as declared by Grantee, the "**Operations Date**"), or (b) the Seventh (7th) anniversary of the Effective Date.

3.2 Operations Term. Upon the expiration of the Development Term, the term of this Agreement, and the easements set forth herein, shall automatically extend for an additional twenty-five (25) year term (the "**Operations Term**").

3.3 Extended Term. Provided that Grantee has not fully surrendered or terminated this Agreement, then on or before the expiration of the Operations Term, Grantee may, at its option, extend the term of this Agreement, and the easements set forth herein, for an additional twenty-five (25) year period

(the "**Extended Term**"). Grantee may exercise its option to extend this Agreement for the Extended Term by giving Owner written notice thereof on or before the date that is one hundred and eighty (180) days prior to the expiration of the Operations Term.

4. Payments to Owner. In consideration of the rights granted hereunder, Grantee will pay Owner the amounts set forth in **Exhibit B** attached hereto and incorporated herein. **Exhibit B** shall not be recorded without the specific prior written consent of Grantee.

5. Ownership of Solar Facilities. Owner shall have no ownership, lien, security or other interest in any Solar Facilities installed on the Property, or any profits derived therefrom, and Grantee may remove any or all Solar Facilities at any time. Except for those payments described in this Agreement, including **Exhibit B**, Owner shall not be entitled to any other payments or benefits accrued by or from the Project, including, but not limited to, renewable energy credits, environmental credits or tax credits.

6. Taxes. Owner shall pay all taxes, assessments, or other governmental charges, general and specific, that shall or may during the Term be imposed on, or arise in connection with the Property itself; provided, however, during the Term Grantee shall be liable for any incremental increase in such taxes, assessments, or other governmental charges directly resulting from the presence of the Solar Facilities installed upon the Property, including any roll-back taxes associated with a change in the use of the Property resulting from Grantee's use or this Agreement ("**Grantee Taxes**"). Grantee acknowledges that "incremental increase" as referenced above shall include any increase to property taxes: (a) caused by the presence of solar panels on the Property; and/or (b) due to a classification change of the Property from its current taxing classification as agricultural property as of the Effective Date (which would cause or result in a loss of any tax caps, exemptions or rebates) due to presence of Solar Facilities on the Property. To the extent the applicable taxing authority provides a separate tax bill for the Grantee Taxes to Grantee, Grantee shall pay such Grantee Taxes directly to the applicable taxing authorities prior to the date such Grantee Taxes become delinquent. If a separate tax bill for the Grantee Taxes is not provided to Grantee, Grantee shall pay the Grantee Taxes within thirty (30) days following receipt of written demand from Owner of the amount of the Grantee Taxes with a copy of the applicable tax bill. Both Parties shall pay their respective tax bills when due and if either Party fails to make such payments when due, then the other Party may, but shall not be obligated to, pay the taxing authorities the entire amount due on the tax bill, including any interest and/or penalties and obtain reimbursement for such amount paid on behalf of such Party plus interest (computed from the date of full payment) at a rate equal to the sum of: (i) two percent (2%) per annum; plus, (ii) the prime lending rate as from time to time may be published by The Wall Street Journal under the "Money Rates" section; provided, that in no event shall such total interest exceed the maximum rate permitted by applicable law. If Grantee pays taxes, assessments, and/or real property taxes on behalf of Owner that are Owner's obligation hereunder, Grantee may offset the amount of such payments against amounts due Owner under this Agreement.

7. Indemnity/Liability.

7.1 Each Party (the "**Indemnifying Party**") shall defend, indemnify and hold harmless the other Party and such other Party's Related Persons (as defined below)(each, an "**Indemnified Party**") from and against any and all third party (excluding Related Persons) claims, litigation, actions, proceedings, losses, damages, liabilities, obligations, costs and expenses, including reasonable attorneys', investigators' and consulting fees, court costs and litigation expenses (collectively, "**Claims**") suffered or incurred by such Indemnified Party, arising from the negligence or intentional misconduct of the Indemnifying Party. Notwithstanding the foregoing to the contrary, Grantee may elect, upon written notice, to control any or all aspects of the defense of any legal action covered by the prior sentence.

7.2 In no event shall either Party be liable to the other Party to the extent any Claim is caused by, arising from or contributed by the negligence or intentional misconduct of such other Party or any Related Person thereof.

7.3 Except for payments expressly required herein (such as crop damage compensation), in no event, whether as a result of breach of contract, warranty, indemnity, tort (including negligence), strict liability or otherwise, shall either Party be liable to the other Party for loss of profit or revenues, loss of business opportunities or for any other special, consequential, incidental, indirect or exemplary damages.

7.4 In no event shall Grantee or its Related Persons be liable to Owner for property damage or personal injuries to Owner or its Related Persons attributable to risks of known and unknown dangers associated with normal day-to-day operation of electrical generating facilities, such as noise, interference with radio or other signals, electromagnetic fields, and glare, or from any runoff or altered drainage patterns resulting from Grantee's grading of the Property.

7.5 In no event shall either Party or its Related Persons be liable to the Other Party for expenses incurred in such other Party's lawful enforcement of its rights under this Agreement for a default during any applicable cure period.

7.6 As used herein the term **"Related Person"** shall mean:

(a) With respect to Owner, any principals, employees, servants, guests or invitees of Owner or those third persons over whom Owner exercises actual control; or

(b) With respect to Grantee, any affiliates, contractors, lessees, sublessees, and subeasement or separate easement holders of Grantee, and each of their respective, principals, officers, employees, servants, agents, representatives, subcontractors, licensees, invitees, and/or guests.

7.7 This Section 7 shall survive the expiration or earlier termination of this Agreement.

8. Grantee's Representations, Warranties, and Covenants. Grantee hereby represents, warrants, and covenants to Owner that:

8.1 Grantee's Authority. Grantee has the unrestricted right and authority to execute this Agreement. Each person signing this Agreement on behalf of Grantee is authorized to do so. Upon execution by all Parties hereto, this Agreement shall constitute a valid and binding agreement enforceable against Grantee in accordance with its terms.

8.2 Minimal Impacts. Grantee agrees to conduct its Site Activities and to locate and operate its Solar Facilities in such a way as to reasonably minimize impacts to the Property and to Owner's activities on the Property, to the extent practical, without negatively impacting the Solar Facilities. If Owner's Property is fenced, all access roads constructed by Grantee on the Property shall be gated by Grantee at Grantee's expense, and Owner shall be furnished with keys or other ability to open and close such gates.

8.3 Insurance. Grantee shall, at its expense, be responsible for assuring that insurance coverages, as would be customary and reasonable for similarly situated companies performing the work carried out by Grantee at such time, are maintained, including, without limitation, adequate coverage to cover any personal injuries or accidents that could reasonably be expected as a direct result of the Site Activities conducted by Grantee or its Related Persons on the Property.

8.4 Requirements of Governmental Agencies. Grantee, at its expense, shall comply in all material respects with valid laws, ordinances, statutes, orders, and regulations of any governmental agency applicable to the Solar Facilities. Grantee shall have the right, in its sole discretion, to contest by appropriate legal or administrative proceedings, the validity or applicability to Grantee, the Property or Solar Facilities of any law, ordinance, statute, order, regulation, property assessment, or the like now or hereafter made or issued by any federal, state, county, local or other governmental agency or entity. Any such contest or proceeding shall be controlled and directed by Grantee.

8.5 Construction Liens. Grantee shall keep the Property free and clear of all liens and claims of liens for labor and services performed on, and materials, supplies, or equipment furnished to, the Property in connection with Grantee's use of the Property pursuant to this Agreement; provided, however, that if Grantee wishes to contest any such lien, Grantee shall, at Grantee's sole discretion and within sixty (60) days after it receives written notice of the filing of such lien, either (i) provide a bond to Owner for the amount of such lien, or (ii) provide Owner with title insurance insuring Owner's interest in the Property against such lien claim.

8.6 Hazardous Materials. Neither Grantee nor its Related Persons shall violate any federal, state, or local law, ordinance, or regulation relating to the generation, manufacture, production, use, storage, release, discharge, disposal, transportation or presence of asbestos-containing materials, petroleum, explosives or any other substance, material, or waste which is now or hereafter classified as hazardous or toxic, or which is regulated under current or future federal, state, or local laws or regulations, on or under the Property (each, a **"Hazardous Material"**). Grantee shall promptly notify Owner if any violation occurs.

9. Owner's Representations, Warranties, and Covenants. Owner hereby represents, warrants, and covenants as follow:

9.1 Owner's Authority. Owner is the sole fee simple owner of an enhanced life estate to the Property (coupled with an unrestricted power to convey the Property during their lifetimes pursuant to Michigan Land Title Standard 9.3, which power to convey, includes, *inter alia*, a general inter vivos power of appointment, without any joinder of remaindermen to grant the easements and other rights under this Agreement), including the subsurface estate thereof, and has the unrestricted right and authority to execute this Agreement and to grant to Grantee the rights granted hereunder. Each person signing this Agreement on behalf of Owner is authorized to do so. Upon execution by all Parties hereto, this Agreement shall constitute a valid and binding agreement enforceable against Owner in accordance with its terms. Each person/entity comprising Owner, as listed in the preamble to this Agreement, owns the interest in the Property set forth below:

Owner:	***Duane A. Simpkins***
Ownership Interest:	***100% (via an enhanced life estate)***

9.2 No Interference. Owner's activities and any grant of rights Owner makes to any person or entity, shall not, currently or prospectively, disturb or interfere with: the construction, installation, maintenance, or operation of the Solar Facilities, whether located on the Property or elsewhere; access over the Property to such Solar Facilities; any Site Activities; or the undertaking of any other activities permitted hereunder. Without limiting the generality of the foregoing, Owner shall not erect any structures, plants or other equipment, or enter into any third party agreements or amend or extend any existing agreements (**"Third Party Agreements"**) or undertake any other activities (an **"Owner Action"** or collectively the **"Owner Actions"**) that may: (i) interfere with Grantee's right to install Solar Facilities on any portion of the Property, (ii) potentially cast a shadow onto the Solar Facilities, (iii) cause a decrease in the output or efficiency of any Solar Facilities, (iv) interrupt the flux of Solar Energy upon, across and over any portion of the Property used or to be used by the Solar Facilities, or (v) otherwise interfere with Grantee's operations on the Property (each an **"Interference"**). Prior to undertaking an Owner Action, that may cause an Interference, Owner shall consult with Grantee to confirm that such Owner Action will not cause any Interference. If Grantee reasonably determines the Owner Action could cause an Interference, then Owner shall not be permitted to undertake such Owner Action. Owner shall not disturb or permit the disturbance of the subsurface such that may impact in any way the structural integrity or the operations and maintenance

of the Solar Facilities. Grantee shall have the right to trim existing trees to maintain approximately their same height and width as exists as of the date hereof for the purpose of not interfering with the flux of Solar Energy from any angle upon, across and over the Property. Owner agrees not to develop, co-develop, acquire or otherwise participate in any solar related project or projects with an aggregate output in excess of 500 kilowatts within any area that is within five (5) miles of the Project.

9.3 Liens and Tenants. Except as may be disclosed in the real property records of the County, or as disclosed by Owner in writing to Grantee on or prior to the Effective Date, Owner represents there are no leases (including oil, gas and/or other mineral interests), easements, licenses, rights of way, mortgages, deeds of trust, liens, security interests, mechanic's liens or any other encumbrances encumbering all or any portion of the Property that could interfere with Grantee's operations on the Property, including mechanic's liens. If such Owner representation and warranty is breached and such breach is not caused by Grantee, then Owner shall fully cooperate and assist Grantee in removing or limiting such interference, including, but not limited to, obtaining a subordination and non-disturbance agreement where Grantee deems it necessary, with terms and conditions reasonably requested by Grantee to protect its rights hereunder, from each party that holds such rights (recorded or unrecorded), and in the case of monetary liens such as mechanic's liens, bonding over any such liens in an amount that may be reasonably requested by Grantee.

9.4 Requirements of Governmental Agencies and Setback Waiver. Owner shall assist and fully cooperate with Grantee, at no out-of-pocket expense to Owner, in complying with or obtaining any land use permits and approvals, building permits, environmental impact reviews, tax abatements or any other permits and approvals reasonably necessary for the financing, construction, installation, monitoring, repair, replacement relocation, maintenance, operation or removal of Solar Facilities, including, but not limited to, execution of applications and documents reasonably necessary for such approvals and permits, and participating in any appeals or regulatory proceedings respecting the Solar Facilities. To the extent permitted by law, Owner hereby waives enforcement of any applicable setback requirements respecting the Solar Facilities to be placed on or near the Property that are reasonably necessary, in Grantee's sole and absolute discretion, to carry out Grantee's power-generating activities on or near the Premises.

9.5 Hazardous Materials. Neither Owner nor its Related Persons shall violate any federal, state or local law, ordinance or regulation relating to the generation, manufacture, production, use, storage, release, discharge, disposal, transportation or presence of any Hazardous Material. Owner shall promptly notify Grantee if any such violation occurs. To the best of Owner's knowledge, (i) no underground tanks are now located or at any time in the past have been located on the Property or any portion thereof, (ii) no Hazardous Material has been generated, manufactured, transported, produced, used, treated, stored, released, disposed of or otherwise deposited in or on or allowed to emanate from the Property or any portion thereof other than as permitted by applicable law and (iii) there are no Hazardous Materials in, on or emanating from the Property or any portion thereof which may support a claim or cause of action under any applicable law. Owner warrants and certifies it has never received any notice or other communication from any governmental authority alleging that the Property is or was in violation of any applicable law.

9.6 Litigation. No litigation is pending, and, to the best of Owner's knowledge, no actions, claims or other legal or administrative proceedings are pending, threatened or anticipated with respect to, or which could affect, the Property. If Owner learns that any such litigation, action, claim or proceeding is threatened or has been instituted, Owner shall promptly deliver notice thereof to Grantee and provide Grantee with periodic updates of the status of said litigation, action, claim or proceeding that is ongoing.

9.7 Title Insurance and Financing. Owner agrees that Owner shall execute and deliver to Grantee any documents reasonably required by the title insurance company and/or a financing party within five (5) business days after presentation of said documents by Grantee; provided, however, in no event shall such documents materially increase any obligation or materially decrease any right of Owner

hereunder. Owner shall have no obligation to initiate the process to obtain title insurance on behalf of the Grantee nor under any obligation to pay for any costs associated with such title insurance.

10. Assignment.

10.1 Collateral Assignments. Grantee shall have the absolute right in its sole and exclusive discretion, without obtaining the consent of Owner, to finance, mortgage, encumber, hypothecate, pledge or transfer to one or more Mortgagees (defined below) any and all of the rights granted hereunder, including the easements granted in Sections 1 and 2, and/or any or all rights or interests of Grantee in the Property or in any or all of the Solar Facilities.

10.2 Non-Collateral Assignments. Grantee shall have the right, without the prior consent of Owner, to sell, convey, lease, assign or transfer (including granting co-easements, separate easements, subeasements) any or all of its rights hereunder in and to any or all of the Property provided such transfer is related to a Project. Grantee shall be relieved of all of its obligations arising under this Agreement, as to all or such portion of its interests in the Property transferred, from and after the effective date of such transfer, provided such rights and obligations have been assumed by such transferee.

10.3 Acquisition of Interest. The acquisition of all interests, or any portion of interest, in Grantee by another person shall not require the consent of Owner or constitute a breach of any provision of this Agreement and Owner shall recognize the person as Grantee's proper successor.

11. Default and Remedies.

11.1 Default. If a Party defaults in or otherwise fails to perform an obligation under this Agreement, the non-defaulting Party shall not have the right to exercise any remedies hereunder if the default is cured by the defaulting Party within sixty (60) days of receiving written notice of such default specifying in detail the default and the requested remedy (a "**Notice of Default**"); provided, that if the nature of the default requires, in the exercise of commercially reasonable diligence, more than sixty (60) days to cure, the non- defaulting Party shall not have the right to exercise any remedies hereunder as long as the defaulting Party commences performance of the cure within sixty (60) days of receipt of Notice of Default and thereafter completes such cure with commercially reasonable diligence. Further, if the Parties have a good faith dispute as to whether a payment is due hereunder, the alleged defaulting Party may deposit the amount in controversy (not including claimed consequential, special, exemplary or punitive damages) into escrow with any reputable third party escrowee, or may interplead the same, which amount shall remain undistributed and shall not accrue interest penalties, and no default shall be deemed to have occurred, until final decision by a court of competent jurisdiction or upon agreement by the Parties. No such deposit shall constitute a waiver of the defaulting Party's right to institute legal action for recovery of such amounts.

11.2 Remedies. Except as qualified by Section 12 regarding Mortgagee Protections, should a default remain uncured beyond the applicable cure periods, the non-defaulting Party shall have the right to exercise any and all remedies available to it at law or in equity, all of which remedies shall be cumulative, including the right to enforce this Agreement by injunction, specific performance or other equitable relief. Notwithstanding anything in this Agreement to the contrary or any rights or remedies Owner might have at law or in equity, if any of Grantee's Solar Facilities are then located on the Property and Grantee fails to perform any of its obligations hereunder beyond applicable cure periods, Owner shall be limited to pursuing damages and Owner may not commence any action to terminate or cancel this Agreement.

12. Mortgagee Protection. In the event that any mortgage, deed of trust, financing statement, or other security interest in this Agreement or in any Solar Facilities, or any portion thereof (a "**Mortgage**"),

is entered into by Grantee then any person who is the mortgagee, grantee or beneficiary of a Mortgage (a "**Mortgagee**") shall, for so long as its Mortgage is in existence and until the lien thereof has been extinguished, be entitled to the protections set forth in this Section 12. Grantee shall send written notice to Owner of the name and address of any such Mortgagee; provided that failure of Grantee to give notice of any such Mortgagee shall not constitute a default under this Agreement and shall not invalidate such Mortgage.

12.1 Mortgagee's Right to Possession, Right to Acquire and Right to Assign. A Mortgagee shall have the absolute right: (i) to assign its security interest; (ii) to enforce its lien and acquire title to the easement estate by any lawful means; (iii) to take possession of and operate the Solar Facilities or any portion thereof, to exercise all of Grantee's rights hereunder, and to perform all obligations to be performed by Grantee hereunder, or to cause a receiver to be appointed to do so; and (iv) to acquire the easement estate by foreclosure or by an assignment in lieu of foreclosure and thereafter to assign or transfer the easement estate to a third party. Owner's consent shall not be required for the acquisition of the encumbered easement or subeasement estate by a third party who acquires the same by foreclosure or assignment in lieu of foreclosure.

12.2 Notice of Default; Opportunity to Cure. As a precondition to exercising any rights or remedies as a result of any default of Grantee, Owner shall give a Notice of Default to each Mortgagee of which it has notice, concurrently with delivery of such notice to Grantee. In the event Owner gives a Notice of Default, the following provisions shall apply:

(a) A **"Monetary Default"** means Grantee's failure to pay when due any monetary obligation of Grantee under this Agreement. Any other default by Grantee is a **"Non-Monetary Default."**

(b) The Mortgagee shall have the same period after receipt of the Notice of Default to remedy the default, or cause the same to be remedied, as is given to Grantee, plus, in each instance, the following additional time periods: (i) thirty (30) days, for a total of ninety (90) days after receipt of the Notice of Default in the event of any Monetary Default; and (ii) sixty (60) days, for a total of one hundred twenty (120) days after receipt of the Notice of Default in the event of any Non-Monetary Default, provided that such 120-day period shall be extended for the time reasonably required to complete such cure, including the time required for the Mortgagee to perfect its right to cure such Non-Monetary Default by obtaining possession of the Property (including possession by a receiver) or by instituting foreclosure proceedings, provided the Mortgagee acts with reasonable and continuous diligence. The Mortgagee shall have the absolute right to substitute itself for Grantee and perform the duties of Grantee hereunder for purposes of curing such default. Owner expressly consents to such substitution, agrees to accept such performance, and authorizes the Mortgagee (or its employees, agents, representatives or contractors) to enter upon the Property to complete such performance with all the rights, privileges and obligations of the original Grantee hereunder. Owner shall not take any action to terminate this Agreement in law or equity prior to the expiration of the cure periods available to a Mortgagee as set forth above.

(c) During any period of possession of the Property by a Mortgagee (or a receiver requested by such Mortgagee) and/or during the pendency of any foreclosure proceedings instituted by a Mortgagee, the Mortgagee shall pay or cause to be paid all monetary charges payable by Grantee hereunder which have accrued and are unpaid at the commencement of said period and those which accrue thereafter during said period. Following acquisition of Grantee's easement estate by the Mortgagee or its assignee or designee as a result of either foreclosure or acceptance of an assignment and/or deed in lieu of foreclosure, or by a purchaser at a foreclosure sale, this Agreement shall continue in full force and effect and the Mortgagee or party acquiring title to Grantee's easement estate shall, as promptly as reasonably possible, commence the cure of all of Grantee's defaults which are reasonably susceptible of being cured by the Mortgagee or party acquiring title, hereunder and thereafter diligently process such cure to completion, whereupon such defaults shall be deemed cured without incurring any default hereunder.

(d) Any Mortgagee or other party who acquires Grantee's easement interest pursuant to foreclosure or assignment in lieu of foreclosure shall be liable to perform the obligations imposed on Grantee by this Agreement for such interest so long as such Mortgagee or other party has ownership of the easement estate or possession of the Property.

(e) Neither the bankruptcy nor the insolvency of Grantee shall be grounds for terminating this Agreement as long as all material obligations of Grantee under the terms of this Agreement are performed by the Mortgagee in accordance with the terms hereunder.

(f) Nothing herein shall be construed to extend this Agreement beyond the Term or to require a Mortgagee to continue foreclosure proceedings after a default has been cured. If the default is cured and the Mortgagee discontinues foreclosure proceedings, this Agreement shall continue in full force and effect.

12.3 New Agreement to Mortgagee. If this Agreement terminates because of Grantee's default or if the easement estate is foreclosed upon, or if this Agreement is rejected or disaffirmed pursuant to bankruptcy law or other law affecting creditors' rights, Owner shall, upon written request from any Mortgagee within ninety (90) days after such event, enter into a new agreement for the Property on the following terms and conditions:

(a) The terms of the new agreement shall commence on the date of termination, foreclosure, rejection or disaffirmance and shall continue for the remainder of the Term, at the same rent and subject to the same terms and conditions set forth in this Agreement.

(b) The new agreement shall be executed within thirty (30) days after receipt by Owner of written notice of the Mortgagee's election to enter a new agreement, provided said Mortgagee: (i) pays to Owner all rent and other monetary charges payable by Grantee under the terms of this Agreement up to the date of execution of the new agreement, as if this Agreement had not been terminated, foreclosed, rejected or disaffirmed; (ii) performs all other obligations of Grantee under the terms of this Agreement, to the extent performance is then due and susceptible of being cured and performed by the Mortgagee; and (iii) agrees in writing to perform, or cause to be performed, all non-monetary obligations which have not been performed by Grantee and would have accrued under this Agreement up to the date of commencement of the new agreement, except those obligations which constitute non-curable defaults. Any new agreement granted to the Mortgagee shall enjoy the same priority as this Agreement over any lien, encumbrances or other interest created by Owner.

(c) At the option of the Mortgagee, the new agreement may be executed by a designee of such Mortgagee without the Mortgagee assuming the burdens and obligations of Grantee thereunder.

(d) If more than one Mortgagee makes a written request for a new agreement pursuant hereto, the new agreement shall be delivered to the Mortgagee requesting such new agreement whose Mortgage is prior in lien, and the written request of any other Mortgagee whose lien is subordinate shall be void and of no further force or effect.

(e) The provisions of this Section 12 shall survive the termination, rejection or disaffirmance of this Agreement and shall continue in full force and effect thereafter to the same extent as if this Section 12 were a separate and independent contract made by Owner, Grantee and such Mortgagee, and, from the effective date of such termination, rejection or disaffirmation of this Agreement to the date of execution and delivery of such new agreement, such Mortgagee may use and enjoy said Property without hindrance by Owner or any person claiming by, through or under Owner, provided that all of the conditions for a new agreement as set forth herein are complied with.

12.4 Mortgagee's Consent to Amendment, Termination or Surrender. Notwithstanding any provision of this Agreement to the contrary, the Parties agree that so long as there exists an unpaid Mortgage, this Agreement shall not be modified or amended and Owner shall not accept a surrender of the Property or any part thereof or accept a cancellation, termination or release of this Agreement from Grantee prior to expiration of the Term without the prior written consent of the Mortgagee. This provision is for the express benefit of and shall be enforceable by such Mortgagee.

12.5 No Waiver. No payment made to Owner by a Mortgagee shall constitute an agreement that such payment was, in fact, due under the terms of this Agreement; and a Mortgagee, having made any payment to Owner pursuant to Owner's wrongful, improper or mistaken notice or demand, shall be entitled to the return of any such payment.

12.6 No Merger. There shall be no merger of this Agreement, or of the easement estate created by this Agreement, with the fee estate in the Property by reason of the fact that this Agreement or the easement estate or any interest therein may be held, directly or indirectly, by or for the account of any person or persons who shall own the fee estate or any interest therein, and no such merger shall occur unless and until all persons at the time having an interest in the fee estate in the Property and all persons (including Mortgagee) having an interest in this Agreement or in the easement estate or in the estate of Owner and Grantee shall join in a written instrument effecting such merger and shall duly record the same.

12.7 Estoppel Certificates. Owner shall execute such estoppel certificates (certifying as to such matters as Grantee may reasonably request, including without limitation that no default by Grantee then exists under this Agreement, if such be the case) and/or consents to assignment (whether or not such consent is actually required) and/or non-disturbance agreements as Grantee, any transferee of Grantee or Mortgagee may reasonably request from time to time. The failure of Owner to deliver any estoppel certificate within fifteen (15) days after Grantee's written request therefor shall be conclusive evidence that (i) this Agreement is in full force and effect and has not been modified; (ii) any amounts payable by Grantee to Owner have been paid through the date of such written request; (iii) there are no uncured defaults by Grantee; and (iv) the other certifications requested by Grantee in its estoppel, are in fact, true and correct.

13. Termination.

13.1 Grantee's Right to Terminate. Subject to Paragraph 4 in **Exhibit C**, Grantee shall have the right to terminate this Agreement as to all or any part of the Property at any time and without cause, effective upon written notice to Owner from Grantee.

13.2 Owner's Right to Terminate. Subject to Section 12.4, Owner shall have the right to terminate all or any portion of its rights in this Agreement after the Seventh (7th) anniversary of the Effective Date if, at the time Owner's written termination notice is delivered, Grantee has not commenced construction of Solar Facilities for the Project on or near the Property. The terms **"commencing construction"** and **"commencement of construction"** as used in this Agreement shall mean that date on which Grantee begins excavation of foundations on the Property.

13.3 Effect of Termination. Upon termination of this Agreement, Grantee shall, as soon as practicable thereafter, but not later than one (1) year after the termination, remove above-ground and below-ground (to a depth of three (3) feet below grade) Solar Facilities from the Property, without additional charge or rental for such entry and removal, and without such entry constituting a holdover. All Property disturbed by Grantee shall be restored to a condition "reasonably similar to its original condition" as it existed upon the Effective Date. The phrase **"reasonably similar to its original condition"** shall mean returning the property to be suitable for agricultural use if it was used for agricultural purposes on the Effective Date, further it shall mean that field tile is in a substantially similar condition as it was on the Effective Date and the Grantee acknowledges this may require replacement of such field tile at the end of

the termination of this Agreement. If Grantee fails to remove such Solar Facilities within twelve (12) months of termination of this Agreement, or such longer period as Owner may provide by extension, Owner shall have the right to restore the Property and remove, or to cause removal of, any property owned by Grantee to the extent required by Grantee under this Section 13.3, and the right to receive reimbursement, less the salvage value of the Solar Facilities, from Grantee for any remaining amounts reasonably incurred for removal and restoration of the Property.

14. Miscellaneous.

14.1 Force Majeure. If performance of this Agreement or of any obligation hereunder is prevented or substantially restricted or interfered with by reason of an event of Force Majeure (defined below), the affected Party, upon giving notice to the other Party, shall be excused from such performance to the extent of and for the duration of such prevention, restriction or interference, and the Term or any other time periods herein shall be extended for such period of time. The affected Party shall use its reasonable efforts to avoid or remove such causes of nonperformance and shall continue performance hereunder whenever such causes are removed. **"Force Majeure"** means fire, earthquake, flood, or other casualty, condemnation or accident; strikes or labor disputes; war, acts of terrorism, civil strife or other violence; any law, order, proclamation, regulation, ordinance, action, demand or requirement of any government agency or utility; or any other act or condition beyond the reasonable control of a Party hereto.

14.2 Confidentiality. To the fullest extent allowed by law, Owner shall maintain in the strictest confidence, and Owner shall require each Related Person of Owner to maintain in the strictest confidence, for the sole benefit of Grantee, all information pertaining to the financial terms of or payments under this Agreement, Grantee's site or product design, methods of operation, methods of construction, power production or availability of the Solar Facilities, and the like, whether disclosed by Grantee or discovered by Owner, unless such information either (i) is in the public domain by reason of prior publication through no act or omission of Owner or any Related Person of Owner, or (ii) was already known to Owner at the time of disclosure and which Owner is free to use or disclose without breach of any obligation to any person or entity. To the fullest extent permitted by law, Owner shall not use such information for its own benefit, publish or otherwise disclose it to others, or permit its use by others for their benefit or to the detriment of Grantee. Notwithstanding the foregoing, Owner may disclose such information to any auditor or to Owner's family members, lenders, attorneys, accountants and other personal advisors; any prospective purchaser of or lenders for the Property; or pursuant to lawful process, subpoena or court order; provided Owner in making such disclosure advises the party receiving the information of the confidentiality of the information and obtains the agreement of said party not to disclose the information.

14.3 Successors and Assigns. This Agreement shall inure to the benefit of and be binding upon Owner and Grantee and, to the extent provided in any assignment or other transfer under Section 10 hereof, any transferee, and their respective heirs, transferees, successors and assigns, and all persons claiming under them. References to Grantee in this Agreement shall be deemed to include transferees of Grantee that hold a direct ownership interest in this Agreement and actually are exercising rights under this Agreement to the extent consistent with such interest.

14.4 Short Form; Recording. At Grantee's option: (i) Grantee may record a copy of this Agreement, excluding **Exhibit B**, or (ii) upon request from Grantee, Owner shall execute in recordable form, and Grantee may then record, a short form of this Agreement substantially in the form of **Exhibit D** attached hereto and incorporated herein, including only those non-substantive changes to the form as may be required by the applicable jurisdiction in which recording is sought and to reflect the terms of this Agreement. Owner hereby consents to the recordation of the interest of a transferee of Grantee in the Property. With respect to the Operations Term and Extended Term, upon request from Grantee, Owner shall execute, in recordable form, and Grantee may then record, a short form or memorandum evidencing the Operations Term and Extended Term, as applicable; provided that the execution of such short form or memorandum is not necessary for such Operations Term or Extended Term to be effective.

14.5 Notices. All notices or other communications required or permitted by this Agreement, including payments to Owner, shall be in writing and shall be deemed given when personally delivered to Owner or Grantee, or in lieu of such personal delivery services, the same day if sent via facsimile with confirmation, the next business day if sent via overnight delivery or five (5) days after deposit in the United States mail, first class, postage prepaid, certified, addressed as follows:

Either Party may change its address for purposes of this paragraph by giving written notice of such change to the other Parties in the manner provided in this paragraph.

14.6 Entire Agreement; Amendments. This Agreement, together with all exhibits attached hereto, constitutes the entire agreement between Owner (and its respective successors, heirs, affiliates and assigns) and Grantee (and its respective successors, heirs, affiliates and assigns) respecting its subject matter, and supersedes any and all oral or written agreements. All of the provisions of the Exhibits shall be treated as if such provisions were set forth in the body of this Agreement and shall represent binding obligations of each of the Parties as part of this Agreement. Any agreement, understanding or representation respecting the Property, or any other matter referenced herein not expressly set forth in this Agreement or a subsequent writing signed by both Parties is null and void. No purported modifications or amendments, including without limitation any oral agreement (even if supported by new consideration), course of conduct or absence of a response to a unilateral communication, shall be binding on either Party unless in a writing signed by both Parties. Provided that no material default in the performance of Grantee's obligations under this Agreement shall have occurred and remain uncured, Owner shall cooperate with Grantee in amending this Agreement from time to time to include any provision that may be reasonably requested by Grantee for the purpose of implementing the provisions contained in this Agreement or for the purpose of preserving the security interest of any transferee of Grantee or Mortgagee.

14.7 Legal Matters. This Agreement shall be governed by and interpreted in accordance with the laws of the State of Michigan. If the Parties are unable to resolve amicably any dispute arising out of or in connection with this Agreement, they agree that such dispute shall be resolved in the state courts located in the County. The Parties agree that any rule of construction to the effect that ambiguities are to be resolved in favor of either Party shall not be employed in the interpretation of this Agreement and is hereby waived. The prevailing Party in any action or proceeding for the enforcement, protection or establishment of any right or remedy under this Agreement shall be entitled to recover its reasonable attorneys' fees and costs in connection with such action or proceeding from the non-prevailing Party.

14.8 Partial Invalidity. Should any provision of this Agreement be held, in a final and unappealable decision by a court of competent jurisdiction, to be either invalid, void or unenforceable, the remaining provisions hereof shall remain in full force and effect, unimpaired by the holding. Notwithstanding any other provision of this Agreement, the Parties agree that in no event shall the Term, or the term of any easement granted herein be longer than, respectively, the longest period permitted by applicable law.

14.9 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original and all of which when taken together shall constitute one and the same document.

14.10 Tax and Renewable Energy Credits. All benefits and incentives that result from Grantee's development and use of the Property for Solar Energy purposes shall accrue to the benefit of Grantee, including but not limited to any portfolio energy credits, rebates in lieu of portfolio energy credits, any reductions or credits in taxes and/or assessments, rebates, financing, federal, state and local grants, reductions in fees, participation in federal, state or local special programs or tax districts, and special programs of public utilities. If under applicable law, the holder of an easement estate becomes ineligible for any tax credit, renewable energy credit or rebate, environmental credit or any other benefit or incentive for renewable energy established by any local, state or federal government, or any public utility, then, at Grantee's option, Owner and Grantee shall exercise good faith and negotiate an amendment to this Agreement or replace it with a different instrument so as to convert Grantee's interest in the Property to a substantially similar interest that makes Grantee eligible for such credit, benefit, rebate, or incentive.

14.11 No Partnership. Nothing contained in this Agreement shall be construed to create an association, joint venture, trust or partnership covenant, obligation or liability on or with regard to any one or more Parties in this Agreement.

14.12 Waiver of Right to Trial by Jury. EACH OF THE PARTIES KNOWINGLY, VOLUNTARILY AND INTENTIONALLY WAIVES THE RIGHT TO A TRIAL BY JURY IN RESPECT OF ANY LITIGATION BASED ON THIS AGREEMENT, OR ARISING OUT OF, UNDER OR IN CONNECTION WITH THIS AGREEMENT AND ANY AGREEMENT CONTEMPLATED TO BE EXECUTED IN CONJUNCTION HEREWITH, OR ANY COURSE OF CONDUCT, COURSE OF DEALING, STATEMENTS (WHETHER VERBAL OR WRITTEN) OR ACTIONS OF ANY PARTY HERETO. EACH OF THE PARTIES TO THIS AGREEMENT WAIVES ANY RIGHT TO CONSOLIDATE ANY ACTION IN WHICH A JURY TRIAL HAS BEEN WAIVED WITH ANY OTHER ACTION IN WHICH A JURY TRIAL CANNOT OR HAS NOT BEEN WAIVED. THIS PROVISION IS A MATERIAL INDUCEMENT TO EACH OF THE PARTIES FOR ENTERING INTO THIS AGREEMENT.

14.13: Public Officials. Owner acknowledges that its receipt of monetary and other good and valuable consideration hereunder may represent a conflict of interest if Owner is a government employee or otherwise serves on a governmental entity with decision-making authority (a **"Public Official"**) as to any rights Grantee may seek, or as to any obligations that may be imposed upon Grantee in order to develop and/or operate the Project (**"Development Rights"**), and Owner hereby agrees to (1) recuse him/herself from all such decisions related to Grantee's Development Rights unless such recusal is prohibited by law or is not reasonably practicable considering the obligations of such Public Official's position and (2) recuse him/herself from all such decisions related to Grantee's Development Rights if such recusal is required by law. If Owner is not required pursuant to (1) or (2) above to recuse him/herself from a decision related to Grantee's Development Rights, Owner shall, in advance of any vote or other official action on the Development Rights, disclose the existence of this Agreement (but not the financial terms therein) at an open meeting of the relevant governmental entity Owner serves on as a Public Official. Additionally, if Owner is a Public Official and any of Owner's spouse, child or other dependent has a financial interest in the Project, Owner shall disclose such relationship (but not the financial terms thereof) at an open meeting of the relevant governmental entity Owner serves on as a Public Official, prior to participation in any decision related to Grantee's Development Rights.

14.14 Easements Run with the Land. The burdens of the easements and all other rights granted to Grantee in this Agreement shall run with and against the Property , shall be a charge and burden on the Property, and shall be binding upon and against Owner and its successors, assigns, permittees,

grantees, licensees, employees and agents. The easements shall inure to the benefit of Grantee and its successors, assigns, permittees, licensees and grantees.

14.15 Special Conditions. This Agreement is subject to those certain conditions as set forth in **Exhibit C** attached hereto and incorporated herein.

14.16. Remaindermen Acknowledgement; Subsequent Conveyance. To the extent Owner does not convey the Property during his lifetime, and in accordance with that certain Quit Claim Deed dated February 17, 2017 and recorded on February 23, 2017 with the Gladwin County, Michigan Register of Deeds in Liber 1097 at Page 722 (the **"Deed"**), the remaindermen stated in the Deed is Duane A. Simpkins (or successors) Trustee of The Duane A. Simpkins Revocable Living Trust dated November 17, 2011, as amended (the **"Remaindermen"**). The Remaindermen hereby executes this Agreement to (i) acknowledge that in the event it ever obtains Owner's rights, title and interest to the Property, it shall be deemed to be the substituted "Owner" hereunder and it shall be bound to all of the terms and provisions of this Agreement, including without limitation, undertaking all of the obligations, representations, covenants and warranties of the original Owner as set forth herein; and (ii) consent, acknowledge, attorn and recognize this Agreement in all respects, including without limitation, the grant of all easement rights and benefits to Grantee as set forth herein, for and during the entire Term of the Agreement (as same may be extended) (the **"Acknowledgement"**). Owner hereby agrees that in the event it does convey the Property during his lifetime (a **"Subsequent Conveyance"**) and regardless if any Subsequent Conveyance divests or substitutes the Remaindermen, Owner will have any such Subsequent Conveyance be expressly subject to this Agreement, and in the event any Subsequent Conveyance includes any new or substituted remaindermen (other than the Remaindermen stated herein), then any such new or substituted remainderman under any Subsequent Conveyance shall execute and deliver to Grantee an Acknowledgement statement (containing the same terms as stated above and signed by the Remaindermen stated herein).

2. Construction Term Fee. Upon commencement of the Construction Term and ending on the Operations Date, Grantee shall pay owner an annual fee of Six Hundred and No/100 Dollars ($600) per Net Acre less any Crop Damage Compensation received (the **"Construction Term Fee"**). Payment of the Construction Term Fee shall be made annually, with the first payment due within forty-five (45) days following the commencement of construction and each subsequent payment shall be due on or before each anniversary of the Construction Term, as applicable.

3. Operating Fees. Beginning on the Operations Date and ending on the date on which Grantee ceases to operate the Solar Generating Equipment on the Property, Grantee shall pay to Owner the below annual amounts (collectively "**Operating Fees**"). Notwithstanding the above, Owner acknowledges that Grantee may build the Project in phases and all of the Property may not be included in the initial phase or subsequent phase(s). The portion of the Property on which Solar Facilities are not installed as of the Operations Date(s) shall be referred to herein as "**Undeveloped Property**" until the date that Grantee installs Solar Facilities on said Property or portion thereof:

(a) Fixed Fee. Grantee shall pay to Owner a fixed fee of One Thousand One Hundred and No/100 Dollars ($1,100.00) times the number of Net Acres of the Developed Property then subject to the Agreement at the Operations. The "**Developed Property**" shall be that portion of the Property on which Solar Generating Equipment is installed on or after the Operations Date (the **"Fixed Fee"**) for any calendar year. For purposes of this Agreement **"Net Acre"** or **"Net Acreage"** means the gross area of the portion of the Property being referred to, including all internal easements and rights-of-way but excluding any and all perimeter easements and dedicated rights-of-way. Net Acreage shall be determined by a survey prepared by a surveyor licensed in the state in which the Property exists. The **"Undeveloped Property"** shall be the Net Acreage of the Property less the Net Acreage of the Developed Property.

(c) Payment of Operating Fees. For the first payment of Operating Fees, Grantee shall receive a credit for any Development Term Fee and Limited Construction Fee paid equal to the proportion of such Development Term Fee and Limited Construction Fee that is applicable for time periods occurring after the Operations Date. The payment of the Fixed Fee and Undeveloped Property Fee, as applicable, each calendar year shall be made in arrears in annual installments, the first annual payment shall be due on or before six months following the Operations Date (or anniversary thereof)

Commencing on the first year after the Operations Date, such Operating Fees shall be adjusted upwards by the greater of two percent (2%) per year on a compounded basis or by the percentage change, if any, in the GDPIPD for the preceding available four quarters. **"GDPIPD"** means the gross domestic product implicit price deflator, as computed and published quarterly by the U.S. Department of Commerce (Index 2000=100), as presented and revised from time to time in the "Gross Domestic Product: [applicable quarter] Quarter 'Final' Press Release" released periodically by the Bureau of Economic Analysis. The amounts payable hereunder for a calendar year shall be prorated for Solar Facilities for which the Operations Date or Removal Date occurs during such year, based on the number of days in such year following the Operations Date or prior to the Removal Date. Payments of Operating Fees each year shall be made in two equal semi-annual installments and shall be due within thirty (30) days of the end of each semi-annual period (such end being the six-month and one-year anniversary date of the Operations Date).

4. Late Payment Penalty. If Grantee fails to make any payment to Owner required of it hereunder when due, interest shall accrue on the overdue amount, from the date of expiration of Grantee's cure period until the date paid, at a rate equal to the sum of: (i) two percent (2%) per annum; plus, (ii) the prime lending rate as from time to time may be published by The Wall Street Journal under the "Money Rates" section; provided, that in no event shall such total interest exceed the maximum rate permitted by law.

Grantee shall pay Owner one-time compensation for any and all portions of the Property where permanent Solar Facilities are not constructed that are either taken out of commercial crop production for a season because of the construction of the Solar Facilities, or that are removed or damaged as a direct result of Grantee's construction of the Solar Facilities on the Property, or that are removed or damaged as a direct result of Grantee's investigation of the Property during the Development Term phase (**"Crop Damage Compensation"**). Portions of the Property shall be deemed to have been taken out of commercial crop production only if the Owner was actually farming such portions of the Property immediately prior to Grantee's commencing construction of the Solar Facilities on the Property. The Crop Damage Compensation shall be deemed full compensation for any losses of

income, rent, business opportunities, profits or other losses arising out of such Grantee construction. Crop Damage Compensation shall be equal to the fair market value of the crops that are damaged per season, but a minimum of the following amounts determined by multiplying the total acreage of damaged cultivated crops, specialty crops, pasture or hay on the Property for which Grantee is responsible pursuant to this Agreement by the following amounts: (i) hay at Two Hundred Sixty and no/100 Dollars ($260.00) per acre, (ii) corn at Six Hundred and no/100 Dollars ($600.00) per acre, (iii) oats at One Hundred Seventy-Five and no/100 Dollars ($175.00) per acre, (iv) pasture at Fifty-Five and no/100 Dollars ($55.00) per acre, (v) soybeans at Six Hundred and no/100 Dollars ($600.00) per acre, and (vi) wheat at Six Hundred and no/100 Dollars ($600.00) per acre. If less than one acre of Owner's cultivated crops, pasture or hay on the Property is damaged by Grantee's activities on the Property, the applicable dollar amount per acre shall be reduced proportionally. The Parties shall attempt, in good faith, to agree upon the extent of damage and amount of acreage affected. If the Parties cannot agree, the Parties shall have the area measured and the extent of damage assessed by an impartial party chosen by mutual agreement of the Parties, such as a crop insurance adjuster.

8. Transfer Taxes. All transfer taxes assessed pursuant to Section 211.27a of the Michigan General Property Tax Act shall be paid by Grantee. Owner shall execute the Real Estate Transfer Valuation Affidavit that is attached as **Exhibit E** hereto and incorporated herein (**"RETVA"**) based on information supplied by Grantee. 1. Farmland Development Rights Agreements.

If Owner is a party to a Farmland Development Rights Agreement, commonly known as PA 116 agreement (a **"PA 116 Agreement"**), with the Michigan Department of Agriculture & Rural Development (**"MDARD"**), Owner shall provide Grantee with a true and complete copy of such PA 116 Agreement, together with all amendments and modifications, and if applicable, Owner shall not enroll or reenroll the Property in the Farmland Development Rights Program without Grantee's prior written consent. If Grantee requests in writing that Owner remove all or a portion of the Property from the PA 116 Agreement, then Owner shall cooperate with Grantee in completing and submitting documents necessary to release all or a portion of the Property from the PA 116 Agreement, and Grantee shall reimburse Owner for any penalties assessed by MDARD as a result of such removal; provided, however, that such reimbursement shall not extend to any Farmland Preservation tax credits (**"PA 116 Tax Credits"**) that would otherwise have been available to Owner had the Property remained under the PA 116 Agreement.

In addition, Owner shall cooperate with Grantee in completing and submitting applications and other documentation necessary to obtain any exemptions allowed under the Farmland Development Rights Program for the use of Solar Facilities on Property covered by a PA 116 Agreement (the **"PA 116 Property"**) without removing such PA 116 Property from the Farmland Development Rights Program. Such cooperation shall include, without limitation, entering into any PA 116 Agreement amendments required under applicable MDARD guidelines in connection with the construction or occupation of Solar Facilities on the PA 116 Property (a **"PA 116 Agreement Amendment"**). Owner acknowledges that, under current MDARD guidelines, such PA 116 Agreement Amendment will provide that the term of this Agreement will be added to the existing term of the PA 116 Agreement and that Owner will not be able to claim PA 116 Tax Credits on the PA 116 Property beginning in the year of construction of the Solar Facilities and continuing until the Solar Facilities have been removed from the Property and the land restored to agricultural use. Grantee shall not be responsible for the loss of any such PA 116 Tax Credits.

Grantee acknowledges that certain provisions of the PA 116 Agreement Amendment will pertain to the Solar Facilities, and agrees with Owner that Grantee shall be responsible for complying with obligations set forth in the PA 116 Agreement Amendment that concern any of the following: (i) notices required to MDARD in connection with a change in ownership of the Solar Facilities; (ii) requirements for the decommissioning/removal of the Solar Facilities, (iii) any surety bond required by MDARD to secure the foregoing decommissioning/removal obligations; (iv) obligations to plant and maintain a ground cover crop and/or pollinator habitat under any solar panels; and (v) requirements to maintain existing drainage volume on the PA 116 Property with Solar Facilities. For avoidance of doubt, Owner and Grantee agree that any obligation to return the PA 116 Property to agricultural use after the removal of the Solar Facilities shall be Owner's responsibility and not Grantee's, however Grantee will leave the Property in a condition that is suitable for the agricultural use so long as it was in that condition as of the Effective Date.

2. Vegetation Control Right of First Refusal.

In the event that, prior to construction of the Solar Facilities: (a) Grantee has developed an outline of a vegetation management plan for the Project (the **"Vegetation Management Plan"**) that complies with all applicable permits, regulations and standards pertaining to, *inter alia*, guide site preparation, installation of prescribed seed mixes, management of invasive species and noxious weeds, and control of erosion/sedimentation for long term maintenance continuing over the entire life span of the Project; and (b) Grantee will undertake to solicit proposals (or request for proposals) from contractors licensed,

certified and/or qualified and experienced in providing services required to complete the goals and objectives of the Vegetation Management Plan for the Solar Facilities (as same are located on the Property and all other property comprising the Project) (the **"Proposal(s)"**) ((a) and (b) are collectively referred to herein as the **"ROFR Conditions"**), then at any time while the ROFR Conditions are occurring, if Grantee receives, from prospective third-party contractor(s), a bona fide written Proposal(s) for the Vegetation Management Plan which Grantee desires to accept, Grantee shall notify Owner of same and grant to Owner a right of first refusal (the **"First Refusal Right"**) to develop and submit to Grantee, for Grantee's review and evaluation, a Proposal from Owner for the Vegetation Management Plan for the Project (the **"Owner's VMP Proposal"**). Owner shall have thirty (30) days after the receipt of the notice from Grantee to exercise the First Refusal Right (the **"Acceptance Period"**) by providing Grantee with Owner's VMP Proposal. Grantee is under no obligation to accept the Owner's VMP Proposal but will consider and evaluate same in light of other Proposal(s) received by Grantee in this regard. If Owner does not timely exercise the First Refusal Right within the Acceptance Period, the same shall lapse and be null and void without any further force or effect. The First Refusal Right as stated herein is personal to the original named Owner and Grantee, respectively, stated herein and does not apply to any successors or assigns and shall not be deemed to be any covenant or condition running with the land of the Property.

3. Siting of Solar Facilities.

Owner and Grantee acknowledge that certain portions of the Property have a residential home located thereon (the **"Residential Home"**). If Solar Facilities are constructed by Grantee in accordance with the terms and provisions of this Agreement, Grantee will site solar panels a minimum of 260 feet away from the Residential Home. Prior to commencement of construction, Grantee will review with Owner the Project design layout and how same will pertain to and affect the Property.

Owner and Grantee acknowledge that certain portions of the Property have higher agricultural value than other portions of the property as disclosed or indicated by Owner to Grantee (the "**Best Agricultural Portions**"). If Solar Facilities are constructed by Grantee in accordance with the terms and provisions of this Agreement, Grantee will use commercially reasonable efforts, to the extent feasible (with no negative impact to the Project) and allowable under all approved plans, specifications, and permits, to not site solar panels on the Best Agricultural Portions without siting solar panels on the remainder of the Property. Prior to commencement of construction, Grantee will review with Owner the Project design layout and how same will pertain to and affect the Property.

4. Grantee's Termination under Section 13.1 of this Agreement.

In the event Grantee exercises its right to partially terminate this Agreement pursuant to Section 13.1 of the Agreement, then any such partial termination of this Agreement by Grantee shall require that an entire parcel (as set forth in **Exhibit A**) be terminated (and not a fraction or portion of any parcel) or that if a portion of the parcel is terminated it is only the Northern 1/2 that may be terminated and not the Southern 1/2 of any parcel.
